

BCS Touchstone

This BCS Touchstone represents the following:

At BCS, Our Moral Compass is a tool used to provide moral direction.

Our 3 E's are the Values by which we live at BCS.

The words in the middle are the action steps to accomplish our 3 E's.

The compass is set to a right angle to represent doing the right thing.

BCS is a Science/Technology School, and a compass is a tool.

A compass is an "old-fashioned" tool. Our Moral Compass shows timeless values.
